

Gift Of Freedom

China Crisis

Freedom for what it's worth
A god-given right
So I am taking, taking it
And no one need qualify
The price you pay
Is very low, very low
And will the whole damned world fall down
Before we've learned to share what we've found
Freedom from apathy
A god-given choice
So I am taking it, taking it
And no one dare justify
Shock policies
Run a river dry, river dry
And will the whole damned world fall down
Before we've learned to share what we've found
