# Wanna B With Somebody

## Icona Pop

I can't make your heart into my home
Better evacuate
Find a place, a place to call my own
Don't wanna renovate
Trouble at my door, then it's you knocking
Trouble at my door, then it's you knocking
Trouble at my door, better start packing, packing...
I wanna be with somebody
I wanna be with somebody
Other than you
Other than you
I wanna fuck with somebody
I wanna fuck with somebody
Other than you
Other than you
Been around the block too many times
Wanna see something new
Cause I can't see myself in your designs
I'm changing my point of view
Wanna see fresh, I wanna see shocking
Wanna see fresh, I wanna see shocking
Wanna see fresh, baby you're a-blocking, blocking...

I wanna be with somebody
I wanna be with somebody
Other than you
Other than you
I wanna fuck with somebody
I wanna fuck with somebody
Other than you
Other than you
Cause you been really boring
And it's getting kinda awkward
So I'm cleaning up my closet
Yeah I'm taking out the garbage
Cause I need a little head space
And I need a little bed space
Can't be carrying your dead weight
I been looking far away

I wanna be with somebody
I wanna be with somebody
Other than you
Other than you
I wanna fuck with somebody
I wanna fuck with somebody
Other than you
Other than you
