Cool Kiss

Scott Weiland

Cool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger dangerKill kill
Piss piss
Keep yourself up off of my lipsYou're not killing me
You're not giving me nothing
You're not killing meCool cool
Kiss kiss
Keep your hands up off of my lips
Capsize just like a tanker
So keep away stranger stranger dangerKill kill
Piss piss
Keep yourself up off of my lipsIt's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm notKill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill me
Kill me, thrill me, kill meIt's everything I am
It's everything I thought I was
It's everything I am
It's everything I'm not
