Beautiful Thing

Conya Doss

I didn't know that I would love you like I do I didn't think that I was ready to But there's something about the way you take my hand It's like I never touched a man And it's a beautiful thing You make me shy and you make me proud It's a beautiful thing, you make me laugh out loud And when you pull me to you I unravel I didn't know that love would fill me up so good I tried before but then you know it never would But there's something about the way you call my name Now I'll never feel the same And it's a beautiful thing You make me shy and you make me proud It's a beautiful thing, you make me laugh out loud And when you pull me to you I unravel And when you hold me I feel more and more a woman I never knew that I could feel so free And when you hold me I feel more and more a woman I never knew that I could feel so free And it's a beautiful thing You make me shy and you make me proud It's a beautiful thing, you make me laugh out loud And when you pull me to you And it's a beautiful thing You make me shy and you make me proud It's a beautiful thing, you make me laugh out loud And when you pull me to you I unravel I didn't know that I would love you like I do I didn't think that I was ready to
