We`ll Meet Again

Pantera

I walk the
Streets of darkness
Where hell awaits
Guarded by the mystery
Just beyond the gates
Searching for the answer
Every man must find
Before eternity beckons
I will make you mineGoodbye mystery
Goodbye pain
Goodbye love
We'll meet againIn another lifetime
She'll take another man
She's left me here to die!
Its killing me again!!!!!!!!!!Goodbye mystery
Goodbye pain
Goodbye love
We'll meet again
