

Hometown

[Haley Bonar](#)

All grown up, saving up for my exit
Let it burn in the rearview mirror
The folks I know will all go
On their way to staying the same
But the further that I get
The deeper my regretsHometown goes wherever you go
Hometown goes wherever you go
Hometown goes wherever you go
Such a beautiful ring of black fire
I can see it for miles and miles
When I come back I'll be
Something to somebody
Just imagine what they'll say
I'll see 'em on my wayHometown goes wherever you go
Hometown goes wherever you go
Hometown goes wherever you go
Further that I get, the deeper my regretsHometown goes wherever you go
Hometown goes wherever you go
Hometown goes wherever you go
