Something's Got Me (Think Slink Mix)

Lori Carson

There are somethings that you can't possess
They come to warm you instead
I wish I had you in my bed
I wish I had youSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
I won't let goYou gave me days of so much happiness
And I threw those days away
I don't expect you to understand
I don't expect youSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
Won't let go, won't let goSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
Won't let go, somethings got meI always thought I'd jump at a chance
Turns out, I don't know how
If I did I'd be with you right now
If I did I'd be with youSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
Won't let go, won't let goSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
Won't let go, won't let goSomethings got me, it's got me good
Somethings got me, I am caught
Somethings got me
Won't let go, won't let goSomethin' has got me
Somethings got me
Somethings got me
