

The Clairvoyant

Iron Maiden

Feel the sweat break on my brow
Is it me or is it shadows that are dancing on the walls?
Is this a dream or is it now?
Is this a vision or normality I see before my eyes? I wonder why, I wonder how
That it seems that the powers getting stronger every day
I feel a strength an inner fire
But I'm scared I won't be able to control it anymore There's a time to live and a time to die
When it's time to meet the maker
There's a time to live but isn't it strange
That as soon as you're born you're dying There's a time to live and a time to die
When it's time to meet the maker
There's a time to live but isn't it strange
That as soon as you're born you're dying Just by looking through your eyes
He could see the future penetrating right in through your mind
See the truth and see your lies
But for all his power couldn't foresee his own demise There's a time to live and a time to die
When it's time to meet the maker
There's a time to live but isn't it strange
That as soon as you're born you're dying There's a time to live and a time to die
When it's time to meet the maker
There's a time to live but isn't it strange
That as soon as you're born you're dying I've been reborn again
