

India Ink

311

I write your name on my arm with India ink
Baby I told you once before it's not what you think
I drink it in with a sip but I really want to chug
You know I take what I can get, give me a dub now
So good, so good, come on now, I wish you would
Anytime we get together get the feeling like I could
I write your name on my arm with India ink
Baby I told you once before it's not what you think
I drink it in with a sip but I really want to chug
You know I take what I can get, give me a dub now
So good, so good, come on now, I wish you would
Anytime we get together get the feeling like I could
Woah, are you with me?
Woah, are you with me?
Woah, is that the best you can give me?
Woah, are you with me?
I write your name on my arm with India ink
Baby I told you once before it's not what you think
I drink it in with a sip but I really want to chug
You know I take what I can get, give me a dub now
You're even cuter when you get crossed
Just stamp on your foot and trying to be the boss
I write your name on my arm with India Ink
I'm hanging on every word 'cause the way that you think
Yes every misstep, well it led me to you
I'll do what I got to do to see it through
If you see a shooting star celebrate with a kiss
Won't have to wait far when no one will ever miss
Woah, are you with me?
Woah, are you with me?
Woah, is that the best you can give me?
Woah, are you with me?
I'd carve my name on my arm but you'd be alarmed that I did it
I admit it
A big swing, a miss so I'll keep my distance back in it
In a minute
Woah, are you with me?
Woah, are you with me?
Woah, is that the best you can give me?
Woah, are you with me?
Woah, are you with me?
Woah, are you with me?
Woah, is that the best you can give me?
Woah, are you with me?
