

Threat of Love (feat. Siouxsie Sioux)

Marc Almond

It's a poison
That slowly drips
It's a word of cruelty
On your lips
Like a killer on the run
Like a kiss from a gun
It's a threat of love
Threat of loveIt's a heartache
To traumatise
It's a touch of darkness
In your eyes
Like a killer on the run
Like a kiss from a gun
It's a threat of love
Threat of loveIt's a life
On a bed of roses
It's a life
On a bed of nails
It's a life of hell
If you live to tell
It's a threat of love
Threat of loveCold like a day without sun
Cold like a kiss from a gun
Cold how my heart grows cold
Under the threat of loveLove goes dark
In the shadow
Of your heart
Love goes cold
In the winter of your soul
It's a chilling revelation
It's a ticket to damnation
It's a reason for retribution
As you pray for absolution
Like a lonely phantom calling
Like an angel when he's falling
Like a killer on the run
Like a kiss from a gun
It's a threat of love
Threat of loveAfraid of love

Afraid of love
And all the things that are made of loveThreat of love
It's the end of love
