

Kiss Goodnight

Tyler Shaw

I don't wanna kiss good night
I just wanna stay here forever
I don't wanna close my eyes
I just wanna stay here forever Lying here in silence
So in love, but so afraid
And I'm not gonna deny it
I have never felt this way Time is sleepin away
And we both know that I can't stay
And time is not on our side
So let's make the most of our last night I don't wanna kiss good night
I just wanna stay here forever
I don't wanna close my eyes
I just wanna stay here forever 'Cause I know in the morning you'll be gone
How am I supposed to carry on
I don't wanna kiss good night
I just wanna stay here forever We're not gonna surrender
Let's stay awake til the sun comes up
Just one night left to remember
So save your tears cause it always rains this time of year It's time, so let's do this right
'Cause we ain't got all night
And it's time to hold you tight
'Cause we're only minutes from good bye I don't wanna kiss good night
I just wanna stay here forever
I don't wanna close my eyes
I just wanna stay here forever 'Cause I know in the morning you'll be gone
How am I supposed to carry on
I don't wanna kiss good night
I just wanna stay here forever Now the night is over
We both know what it means
Lying here watching the sun come up
Is like waking from a dream I don't wanna kiss good night
I just wanna stay here forever
I don't wanna close my eyes
I just wanna stay here forever I don't wanna kiss good night
I just wanna stay here forever
I don't wanna close my eyes
I just wanna stay here forever 'Cause I know in the morning you'll be gone
How am I supposed to carry on
I don't wanna kiss good night

I just wanna stay here forever
