

Nobody Home

DOGSTAR

We stand in the cold
Here it's 30 below I'm getting to know
Nobody home She falls asleep on the phone
2,000 miles away, she sleeps all alone She's getting to know
Nobody home
She's getting to know
Nobody home I've sent her away
To someone who she could see everyday I'm getting to know
Nobody home
I'm getting to know
Nobody home He falls asleep on the phone
2,000 miles away, he sleeps all alone He's getting to know
Nobody home
She sees
Nobody home
