Thorn In My Side

Exodus

You know that you never gave me a chance to prove myself
And I never thought that my life was worth your wealth
You never said to me anything encouraging that I could see
It's difficult to cure the pain that I've had to endureI always tried to listen
even when I disagreed with you
Selfish disposition makes it hard
for me to respect anything you do
Then you tried to push me,
but you weren't strong enough to get the job done
Then you tried to hit me,
but the back of your hand just isn't quick enoughYou are a thorn in my side,
all my life you never left me alone
Thorn in my side, in your mind you wish I never were born
Thorn in my side, through it all I think you pushed me to fail
Thorn in my side, it's about time you're recognized
for your lies and your worthless alibisIt's been a long time waiting for the judgment day
So I can cast away
The thorn that you stuck so deep inside of me
It's ancient history
You're always acting like a king of kings
Like you were a god
You wear a crown of thorns like a hat on your head
My firing squad will put an end to your facade
Like a thorn in my side
