

Body Body

Massari

Workin' that body, body
Workin' that body, body
Workin' that body, body She movin' that body
And when she workin' that body, body
You gotta pause They know they never could touch her
She's as hot as the sun
They can go on and try The way she moves like a fast car
Got you turning your head
Wanna get in and drive Ooh, baby, baby
Zoom zoom baby
Speeding like a fast car
(She moves like a fast car) Ooh, baby baby
Zoom, zoom baby
Speeding like a fast car You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause The fliest thing I've ever seen
(Ooh)
She's got a body like a dream machine
The way she moves is like a fantasy
(Ooh) You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause I wanna know what she's ridin' on
Who shifting those gears
What's all under that hood I wanna get in the driver seat
And turn on the lights
Handle it like I should Ooh, baby, baby
Zoom, zoom baby
Speeding like a fast car
(She moves like a fast car) Ooh, baby, baby
Zoom zoom baby
Speeding like a fast car You gotta love the way
She rockin' that body, body

She movin' that body
And when she workin' that body, body
You gotta pauseThe fliest thing I've ever seen
(Ooh)
She's got a body like a dream machine
(Ooh)The way she moves is like a fantasy
(Ooh)You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pauseWanna ride them curves
'Cause she can handle it
Push it from zero to sixtyWanna ride them curves
That sexy body frame
I know that she can keep up with meWanna ride them curves
'Cause she can handle it
Push it from zero to sixtyWanna ride them curves
That sexy body frame
I know that she can keep up with meYou gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pauseShe rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pauseThe flyest thing I've ever seen
(Ooh)
She's got a body like a dream machine
(Ooh)The way she moves is like a fantasy
(Ooh)You gotta love the way
She rockin' that body, body
She movin' that body
And when she workin' that body, body
You gotta pause
