

# R U 4 Real

Teedra Moses

Lately, I can't seem to get my mind off you boy  
(wondering where you are, wishing 4 your call)  
Thinking, All the slick ish I'm gon say when you call  
to make you want IT more  
(i know you want it now, but you gon want me more)  
Cuz I be acting like I'm not  
When I'm really feeling you  
You can just relax your mind  
'Cause there's so many things I wanna Do to you, Do to you  
'Cause III, I just wanna make sure you're sure, boy  
(are u sure?)  
That Youyouyouyouyou, you can handle all that I Got in store, Got in store  
Got in store, yeah yeah  
R U 4 REAL?  
can you handle?  
R U 4 REAL?  
  
can you handle  
all this love that I got?!!  
can you handle?  
if you can't, let me know now  
can you handle me?  
I just wanna know that, when we get together, we gon have a real good time  
I just need to know that, when we get together, you gon really take ya time  
Cuz some talk about it, Really I'm about it, If you tryna take me Down  
I just wanna know that, when we get together, you can handle all of mine  
R U 4 Real?  
can you handle?  
Baby Tell me R U 4 Real  
can you handle all this love that I got?  
can you handle?  
if u can't, let me know now  
can you handle me?
