

Forsaken

Brimstone Coven

You can only wonder what you'll find in all of us
All the darkest secrets in the minds of everyone
From all creation to the knowledge of the end
And the sins of Babylon, we are . . .
We are what's left, we are forsaken, we all believe the lie
We are what's left, we are forsaken, we all believe the lie
You can only question what you feel within yourself
And the road is lonesome when the mind is ignorant
You betray the innocent and so we journey on
Through desolation we are . . .
We are what's left, we are forsaken, we all believe the lie
We are what's left, we are forsaken, we all believe the lie
We are what's left, we are forsaken, we all believe the lie
We are what's left, we are forsaken, we all believe the lie
We are what's left, we are forsaken, we all believe the lie
We are the end, we are the end, we are the end, we are the end, we are the end
