

Another Day

Kelli Williams

Thank you for my life
Thank you for another day
Thank you for my health
Thank you for another day

In the morning when I rise
I thank the Lord for keeping me alive
It ain't no goodness of my own
It's by God's grace I keep going strong
I just want to say

(Chorus)

Chorus:
Thank you for my life
Thank you for my heart
Thank you for another day
Thank you for my health
Thank you for my strength
Thank you for another day

God been so good and been so kind
Everyday we should take the time
To give him praise for who he is
Thank him for all that he freely gives
Oh I just want to say

(Chorus)

It ain't no goodness of my own
That I am here That I am bless today
Your love is so amazing
Each day there brand new things
Faithful, caring and true

(Chorus)
