Ello Ello (feat. Body Language)

RAC

You, this and me.
Chasing you. When does it stop?
And I'm up all night staring wide-eyed.
You know I'm not that kind.'Cause you're a tapper,
And I'm a snapper.
Where is the line?
So I call you up and say:Ello ello friend, how you been?
Ello ello friend, when you coming over?You let me in
Still can't win
When you going to stop?
I do a [???]
Panic or two
I don't know what to doCause you're a freak and
I'm never gonna stop thinking
What is going to [???]Cause there's a place I can't release
Sorta like a home?
But I call you up and sayEllo ello friend, how you been?
Ello ello friend, when you coming over?I don't need ya, cause' I'm over you.
Only need ya on the weekends.
I don't need ya, cause' I'm over you.
Only need ya on the weekends.
I don't need ya, cause' I'm over you.
Only need ya on the weekends.
I don't need ya, cause' I'm over you.
Only need ya on the weekends.
I don't need ya but I say:Ello ello friend, how you been?
Ello ello friend, when you coming over?
