

Distance

Intergalactic Lovers

Es we used to take the time
to read each other's minds
Now you and I can't find the words to spill
what's on our heavy hearts.I hear darkness howling.
I, I hear division bells.It's such a strange thing,
how we can go from loving madly
to nothing at all
And here we stand,
both guns drawn,
waiting for the first of us to fallI hear darkness calling
I, I hear division bellsI'm losing control over my mind
and the rest is sure to follow
giving in to what the heart wants,
though my head is telling me to let go
Telling me to let goAs we lie side by side
in our cold bed
Trying to figure out
all the wrongs that have been saidI hear the darkness calling.
I, I hear division bellsLosing control over my mind
and the rest is sure to fallow
Giving in to what the heart wants
though my head is telling me to let go
Telling me to let go.
