Get Away

Squad Five-O

Look in my eyes
Look in my eyes
Who am I now
In this disguiseShy away from you
No words to say to you
Can't run away with you todayAnd if I could say to you
What I really wanted to
I'd leave you black and blue
And walk awayOh, when my mind is clear
Oh, I want to run from here
Oh, when you're not near
I feel like I can get awayLook in your eyes
Look in your eyes
Who are you now
All full of liesI know your heart's untrue
I know you're lonely too
But it suits you
All used up and such a wasteAnd if I could say to you
What I really wanted to
I'd leave you black and blue
And walk awayOh, when my mind is clear
Oh, I want to run from here
Oh, when you're not near
I feel like I can get away
Can I get away?You're not near
You're not near
You're not near
You're not nearOh, when my mind is clear
Oh, I want to run from here
Oh, when you're not near
I feel like I can get awayAnd oh, when my mind is clear
Oh, I want to run from here
Oh, when you're not near
I feel like I can get away
