Go

Im5

When you're in my arms,
it feels like the sun is breaking out of the rain,
you're second to none,
make me wanna win your heart everyday (everyday)
I'm running for your love through the red lights,
the way you kiss,
I don't see none of the stop signs,
I'm on a mission and your heart is the finish line,
give me the green light,
baby on your mark set GO! GO! Let's GO!
Look so good you got me screaming WOAH! WOAH! Let's GO!
What you want, I'm on that girl,
what he won't do, I'm on that girl,
It's me plus you, I'm on that girl,
So on your mark set GO! GO! Let's GO!
Baby on your mark set GO! Oh! Let's GO!
Baby on your mark set GO! Oh! Let's GO!
When you're in my arms it feels like the sun is breaking out of the rain,
you're second to none,
make me wanna win your heart everyday (oooh everyday)
I'm running for your love through the red lights,
the way you kiss I don't see none of the stop signs,
