

Hands Down (feat. Rick Ross & Yo Gotti)

Remy Ma

Doors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants down
Down, down, shorty fucking head down
I see my phone blowing up, I know it's going down
Once I busted at the rapper, then it hit the town
Chieffin' numbers in the city, boy, it going downDoors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants downNiggas stand up, chicks stand down
'Cause its bad bitches on deck when I'm around
You see this nigga rich as fuck, hands down
He throw bands up and bands come down
(Yeah) This dude be spending cash down
I heard that he be tricking, but the nigga ain't a clown
He usually do the redbone, tonight he want a brown
Said the pussy so live these other bitches dead now
'Cause when we laid up, I lay it down
When he in the pussy nigga swear he 'bout to drown
Yeah, it be wet as fuck, hands down
With the legs up or with the legs down
Tell them niggasDoors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants down
Down, down, shorty fucking head down
I see my phone blowing up, I know it's going down
Once I busted at the rapper, then it hit the town
Chieffin' numbers in the city, boy, it going downDoors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants downPost lil homie bond and watch him do the Shmurda dance
The cut a nigga yard that shit went down to 30-grand
Fuck with Shakazooloo when I'm in Zimbabwe
Fat boy, got 40 foreign's in the driveway
A hundred bands in the back we'll make her recognize
I'll never ask her name until we fuck a second time
Standing still diamonds dancing in the summertime

We all got offered 40 thou, now homie comin' down
She be in my double R and I'm just runnin' 'round
That body boy punching bag and boy I run the South
Bullet wounds all in his back 'cause we gon' gun you down
Buying all the high-rises while the numbers down
Doors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants down
Down, down, shorty fucking head down
I see my phone blowing up, I know it's going down
Once I busted at the rapper, then it hit the town
Chieffin' numbers in the city, boy, it going down
Doors up, doors down
When I'm in the club, bitch, it's going down
Shorty thick as fuck, hands down
Hands up, pants down
