

# Cyclops

## Guided By Voices

Tom the happy pretender  
One eye on the mend  
One eye on his watch  
His parents told him  
Don't worry, Tom, there's plenty o' jobs in the big  
city but with one eye only  
It gets so hardNo depth perception  
Cyclops  
No depth perception  
Cyclops  
No depth perception  
Cyclops  
No depth perception
