

Get Right

Fabulous

Come on
Yeah, yeah
Hey
What, what
Yeah, yeah
Yeah

Brooklyn, Brooklyn

Come on Yo, y'all gon' hear this in the nightclubs for a year
When the song go on, throw on, ya tight mugs or ya stares
It's like bugs up in here, like thugs up in here
Throw ya fingas up like you gon' snipe slugs in the air, hatas
Might have a slight grudge when I'm there
See the froze on my wrist, like bugs in my ear
Ladies pass through, I might rub on her rear
Pop Cris' in her face, make her wipe suds from her hair
Even dykes tug on my gear the way I like strud up in
here

Look at the nice smuds that I wear
Drinks be flingin', minks be swingin'
The way the pinky-ringin', link be blingin', you think we slingin'?
I wanna see the roof of your Coupe, sittin' behind ya
18 inches and up, no sittin' on minors
After tha club hittin' a diner, spittin' the lines
And end up in a hotel, gettin' vagina
Ladies
Rub your tits if you gettin' right, hey
Niggas
Grab your dicks if you gettin' right, ho
Don't be thinkin' 'bout that nigga that you wit tonite
Don't be thinkin' 'bout that chick that you wit tonite
Ladies
Rub your tits if you gettin' right, hey
Niggas
Grab your dicks if you gettin' right, ho
If gettin' right is the only thing you wit tonite
Ladies, hey
Niggas, ho
Ma, it's hard to stop and not admit it
You like the way the drop I got is kitted
Cops can't spot who is it
You wanna stop and jot yoi digits
Must be how I hop on yatches and visit, tropic spots I did it
The top the watch is glitted

Make niggas wanna bop they knots, stop and plot to get it

Like I won't pop a shot in fitteds

I got the type of machine guns that cops and Swats be hitted
So I wanna drop but not to hit it, stop, we not
committed

Think we hittin' shoppin' spots, forget it

Move you neck, rock from side to side

Neva get checked, me and my glock side and side

This in your deck, let it knock inside your ride

We in the 'jects of the blocks in the widest five

Spendin' a grands nutin' for 'lous

You ain't got on a badge playa, so why you handcuffin' the chicks? Ladies

Rub your tits if you gettin' right, hey

Niggas

Grab your dicks if you gettin' right, ho

Don't be thinkin' 'bout that nigga that you wit tonite

Don't be thinkin' 'bout that chick that you wit tonite Ladies

Rub your tits if you gettin' right, hey

Niggas

Grab your dicks if you gettin' right, ho

If gettin' right is the only thing you wit tonite

Ladies, hey

Niggas, ho Y'all hardly see I be 'round

But when I do, I be, I be down in a VIP lounge

I get in the club, I don't need ID now

Bulky nig, you can't even see my 3-pound

Y'all know how that kid from B-Stuy be down

Y'all see my C-pound, y'all see y'all be drowned

Skee-o, gotta, reply she down, which sheet I meet down

I know she gettin' right, hey Ladies tug me when I strut

So this thug be in the cut, takin' thug B's to the gut

Rays beamin', y'all think I be day-dreamin'

But I stay schemin' like, "Shortie could get it"

Next screenin', they see all this ice and grey gleamin'

They like, "Damn, shortie could get it"

And I may be crazy but I see some ladies tonite

That should be drinkin' my baby's baby Ladies

Rub your tits if you gettin' right, hey

Niggas

Grab your dicks if you gettin' right, ho

Don't be thinkin' 'bout that nigga that you wit tonite

Don't be thinkin' 'bout that chick that you wit tonite Ladies

Rub your tits if you gettin' right, hey

Niggas

Grab your dicks if you gettin' right, ho

If gettin' right is the only thing you wit tonite

Ladies, hey
Niggas, hoLadies
Rub your tits if you gettin' right, hey
Niggas
Grab your dicks if you gettin' right, ho
Don't be thinkin' 'bout that nigga that you wit tonite
Don't be thinkin' 'bout that chick that you wit toniteLadies
Rub your tits if you gettin' right, hey
Niggas
Grab your dicks if you gettin' right, ho
If gettin' right is the only thing you wit tonite
Ladies, hey
Niggas, ho
