Escapements

Beacon

Sign the dotted line for me, I'm forever yours
Gonna be the one that answers your beck and calls
I've given everything I have for what you'd ever want
You're turning my world around, I hope it's enough
These cold little lies that keep you up at night
I know you try and try to keep me on your side
Until the day I awoke
With my heart in your watch
I feel love, and then it stops
As you turn I am crushed
I lost my way
It was all I could take
I lost my way and there's no escape
Turn the dotted lines on me and truly I'm yours
Won't be trusting any thought I have on my own
I've given everything I have for what you'd ever want
You're turning my world around, I hope it's enough
These cold little lies that keep you up at night
I know you try and try to keep me on your side
I lost my way
It was all I could take
I lost my way and there's no escape
