

Planet Hell

Nightwish

Denying the lying
A million children fighting
For lives in strife
For hope beyond the horizonA dead world, a dark path
Not even crossroads to choose from
All the blood red carpets before me
Behold this fair creation of GodMy only wish to leave behind
All the days of the earth
And everyday Hell of my kingdom comeThe first rock thrown again
Welcome to Hell little saint
Mother Gaia in slaughter
Welcome to paradise soldierMy first cry never ending
All life is to fear for life
You fool, you wanderer
You challenged the Gods and lostSave yourself a penny for the ferryman
Save yourself and let them suffer
In hope, in love
This world ain't ready for the arkSave yourself a penny for the ferryman
Save yourself and let them suffer
In hope, in love
Mankind works in mysterious waysWelcome down to my planet HellSave yourself a penny for the ferryman
Save yourself and let them suffer
In hope, in love
This world ain't ready for the arkSave yourself a penny for the ferryman
Save yourself and let them suffer
In hope, in love
Mankind works in mysterious ways
