## **Planet Hell**

## **Nightwish**

Denying the lying A million children fighting

For lives in strife

For hope beyond the horizonA dead world, a dark path

Not even crossroads to choose from

All the blood red carpets before me

Behold this fair creation of GodMy only wish to leave behind

All the days of the earth

And everyday Hell of my kingdom comeThe first rock thrown again

Welcome to Hell little saint

Mother Gaia in slaughter

Welcome to paradise soldierMy first cry never ending

All life is to fear for life

You fool, you wanderer

You challenged the Gods and lostSave yourself a penny for the ferryman

Save yourself and let them suffer

In hope, in love

This world ain't ready for the arkSave yourself a penny for the ferryman

Save yourself and let them suffer

In hope, in love

Mankind works in mysterious waysWelcome down to my planet HellSave yourself a penny for the ferryman Save yourself and let them suffer

In hope, in love

This world ain't ready for the arkSave yourself a penny for the ferryman

Save yourself and let them suffer

In hope, in love

Mankind works in mysterious ways
