

# Lotus

Al Jarreau

Without a whisper without a chore  
All without ambition that awaits 10,000's roar  
The perfect vision of less is moreAwake in me lotus flowerWithout conditions without a door  
Me and my religion seekin' fame and keepin' score  
Somewhere the vision of less is moreStill waits in me lotus flowerThose golden chimes ring in roundelay  
In time chasin' pride away far away from sight  
Somewhere tonight a child is waitingThose golden chimes ring in roundelay  
In time chasin' pride away far away from sight  
Somewhere tonight a child is waitingWithout a whisper without a chore  
All about ambition that awaits 10,000's roar  
The perfect vision of less is moreAwake in me lotus flower
