

# Cry On Command

## Gloriana

You always pull this  
From your bag of tricks  
You toss a tear on your cheek just to see what sticks  
The dashboard light reads midnight  
You don't want me to go  
The house is dark, fallen apart, and you hate to be alone  
But i don't get it  
What's wrong with you  
I swear you turn it on anytime you want to

Cry, cry, cry on command  
Cry, cry, I don't understand  
Why you cry on command

Wait a minute  
Your not being fair  
Cause you know what I been through  
Why would you go there  
But you don't get it  
I can't hold it in  
And this ain't who I wanna be...it's just who I am

Cry, cry, cry on command  
Cry, cry, I don't understand  
Why you cry on command

Cry, cry, why do you think I cry  
Cry, cry, cry on command  
Cry, cry, I don't understand  
Why you cry on command
