Murderers Of All Murderers

Maths

Irresponsible and unreflecting
Displacing human sense into the afterworldRunning after faint beliefs, where you just have to feel
Conceive suspicion, distrust your faithAAHHH!Degeneration, dislocation and always hunting for the ones to lead you
No aspiration, no ambitionThe one you hope for, the one you wait for
Lies in a long forgotten tomb
Condemned and murdered
Revealed and tortured
We have killed him, We Have Killed
him you and I We have Killed Him You and IEndless, Endless
drifting with the stream
And there will be no way to solaceWe've raised ourselves to gods
We drank the seas and wiped horizons
Just everything we loved has bled to death by our knivesThe one you hope for, the one you wait for
Lies in a long forgotten tomb
Condemned and murdered
Revealed and tortured
We have killed him, We Have Killed
him you and I We have Killed Him You and IA deed that's just too great for us
There's no atonement
And no forgiveness there will be
no atonement And no forgiveness
there will be No Forgiveness no
Forgivness there will beThe one you hope for, the one you wait for
Lies in a long forgotten tomb
Condemned and murdered
Revealed and tortured
We have killed him, We Have Killed
him you and I
