Injected With a Poison

Praga Khan

Injected with a poison, injected with a poison
There's a rainbow in side my mind
There's a rainbow in side my mind
There's a rainbow in side my mind
There's a rainbow in side my mind
Injected with a poison
We don't need that anymore

Free your body use the energy
Free your body, I'm in ecstasy
Free your body, use your fantasy
Free your body
Injected with a poison injected with a poison
Are you listening to me
