

In the Wake of You

Dum Dum Girls

Day in, day out
I am always alone
But I can feel most
Places at homeDay in, day out
It don't sink to the bone
Cause I can make any
City my ownCause tonight I feel lonely
In the wake of you
In the wake of you
[x2]Day in, day out
I'm walking on air
But today I feel the weight
Of nobody hereCause tonight I feel lonely
In the wake of you
In the wake of you
[x2]And you can't outrun the world like day
Can't outrun the sun, oh no
You can't outrun the world like day
Can't outrun the sunCause tonight I feel lonely
In the wake of you
In the wake of you
[x2]
