Reason

Nervo

When the puzzle connects
It's like you never forget
The way it's got to be
It's nobody's concern
Cause they don't know how it burns
When you're not here with me, whoa
So wrap my wrong in the sky
Cause I can never deny this feeling
How can I ever stop
When I don't wanna give up up up up up,This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reasonCause I get you, cause I get you
And you get me, and you get me
It's that simple, it's that simple
Don't matter where we are
The feeling never stopsWhen the puzzle connects
It's like you never forget
The way it's got to be
It's nobody's concern
Cause they don't know how it burns
When you're not here with me, whoa
So wrap my wrong in the sky
Cause I can never deny this feeling
How can I ever stop
When I don't wanna give up up up up up,This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reason
