Alien

Revolution Smile

You're so cool with your white lie
I miss you wasting
All of my timeSoon as I am able to tell
All of you to go to hell
Everything will be the right wayYou must be some kind of an alien
And I fellAssociation built on what's cool
I'm leaving as soon as
I become the ruleSoon as I am able to tell
All of you to go to hell
Everything will be the right wayYou must be some kind of an alien
And I fell
You must be some kind of an alien
And I fellYou must be some kind of an alien
And I fell
You must be some kind of an alien
And I fell for it
