Better Side Of Me

Blessid Union Of Souls

I wasn't myself for a while
There was a tear in my half smile
That you could see a mile away
I had to change but I didn't mind
Truth is it was about time
And there was no way I was losing you
So I want you to know that I'm gonna show
The better side of me
I want you to see, the man underneath
The better side of me
Come look inside, you're gonna find
The better part of me
I'm not the same person you knew
The one that used to hurt you
I had to leave him far behind
So it's safe to fall into my arms
Knowing I will catch you
'Cause I wanna give you peace of mind
So wherever we go, I'm gonna show
The better side of me
I want you to be the first one to see
The better side of me
Look in my eyes and there you will find
The better part of me
And I just want to apologize
For wasting so much time
When all along I knew
That there was only you for me
So from this moment on, you can hold on
To the better side of me
You can believe that you're gonna see
The better side of me
Deep in your eyes, that's where I find
The better part of me
