

# All The King's Men

## Wild Beasts

Watch me! watch me!  
The belle of the ball  
My heart, my hand and everything I own

And we are the boys  
With new shiny shoes  
We've seen 'em all  
And we've chosen you  
Now no one will find your limit

Girls from Roedean  
Girls from Shipley  
Girls from Hounslow  
Girls from Whitby  
You're a candied queen  
And let me show my darling what that means

Watch me! watch me!  
Hatch me! hatch me!  
A girl before  
Bouncing round behind the bedroom doors

And we are the boys  
Who'll drape you in jewels  
Cut off your hair  
And throw out your shoes  
Cause baby, you won't need them, where you'll be

Girls astride me  
Girls beneath me  
Girls before me  
Girls between me  
You're birthing machines  
And let me show my darling what that means

Hatch me! hatch me!  
And baby, turns out I'm evil  
In all my dreams, girls who'll clothe me  
Girls who'll feed me  
Girls who want me

Girls who need me  
All you pretty things waiting for somebody  
Number my babies and my broken body
