

Staring At the Sun

[MIKA](#)

Watch the sunset
Hold it from afar
Close as I get
To being where you are While there's light left
I sing this song for you
Don't know if you can
But every day I do Here I stand, staring at the sun
Distant lands, staring at the sun
You're not there but we share
The same ones Miles apart, staring at the sun
Distant hearts, staring at the sun
One thing's true, just like you
There's only one And I don't care if it burns my eyes
And I don't care cause my love is blind
From staring at the sun, whoa, from staring at the sun
From staring at the sun, whoa, from staring at the sun Send my love down
In those rays of light
Through your window
On your tired eyes Say good morning
Say it to the sun
Like you're talking
Talking to someone Here I stand, staring at the sun
Distant lands, staring at the sun
You're not there but we share
The same one Miles apart, staring at the sun
Distant hearts, staring at the sun
One thing's true, just like you
There's only one And I don't care if it burns my eyes
And I don't care cause my love is blind
From staring at the sun, whoa, from staring at the sun
From staring at the sun, whoa, from staring at the sun
