

# Never Bother Looking Back

## Crash Test Dummies

It felt real nice  
I didn't think twice  
It felt real good  
Like I knew, it would And I don't care and I don't mind  
If I'm unfair or you're unkind  
'Cause right now I'm still kickin' back  
It doesn't matter, I never bother looking back It felt real fine  
It was all mine  
It's not too strong  
It didn't last for long And I don't care and I don't mind  
If I'm unfair or you're unkind  
'Cause right now I'm still kickin' back  
It doesn't matter, I never bother looking back It felt real good  
Like I knew it should  
It felt so good  
Like I knew, it would And I don't care and I don't mind  
If I'm unfair or you're unkind  
'Cause right now I'm still kickin' back  
It doesn't matter, I never bother looking back
