"Tweet" Based On "Zip"

Jane Krakowski

When gramama was still in knickers and the movie shows were still called flickers
On the telephone the time youâ€™d fritter
But thatâ€™s so passÃ© to communicate today you have to do it all on twitter

At dinner during sex at a meeting I find that I cannot stop tweeting
On the john in the shower my blackberries hot my digits never get a rest
In fact no wait a minute wait stop the show
I gotta whip it out I got so much to get off my chest

Tweet Alec Baldwin wasnâ€™t brilliant today
Tweet Doogie Howser makes it hip to be gay
Tweet Kristin Chenoweth won an Emmy how sweet
Tweet someone sit her down and force her to eat

Iâ€™m a fan of my boss Tina not so much of brangelina tweet
Now the world recycles
After losing at the Emmys I got tanked on double remyâ€™s tweet
Whyâ€™d I screw Lauren Michaels

Tweet as a couple Fred and Ginger were great
Tweet now were stuck with John and Kate

Tweet since Madonnaâ€™s dating Jesus sheâ€™s blessed
Tweet they have a manger on central park west
Tweet Whitneyâ€™s voice on Oprah wasnâ€™t so bad
Tweet once we heard Mackenzie speak of her dad

If our president you hackle I will kick you in the shnackle
Tweet Iâ€™m a great fiancÃ©
Kanye west sure learned his lesson Taylor Swift donâ€™t like repressin
Tweet good for you Beyonce

Tweet only guys and gals should wed says prop 8
Tweet guess they donâ€™t watch John and Kate

Tweet with the big peace prize our pres got a push
They Nobeled him just for not being Bush
Tweet Robo Tv is the network of shlock (which I love)
Tweet I hear Tracy Morgan has a huge house in the Hamptons

Whatâ€™s become of Jim Belushi
Jeremy Piven loves his Sushi
Tweet I hear cupas muggy
Oh the scenes that I have carried Tom and Katie still are married tweet
I sure love my snuggie

Tweet there are just so many words I can fit
Tweet guess I really am I twit
When I sign off I am always filled with shame
Cause Tweet Tweet Tweet
Even I canâ€™t spell my last name
Tweet!
