

# Reflections Of A Sound

## Silverchair

In the sun we are found to be  
Reflections of a sound I know it's been far too long  
Stormy weather  
My arrested hope won't take forever  
Like a memory, I need it never We walk, wrapped in thought  
Some are vacant, some have grown too short  
It's the only thing I've ever had that keeps me lonely [Chorus]  
In the sun we are found to be  
Reflections of a sound  
When nobody is around  
In the sun we are found to be  
Reflections of a sound  
When nobody is around Condemned from the waste of time  
Feel so empty when I feel so fine  
Starting over, we can change this life  
Shout out sober I've been waiting for far too long  
Let's stick together  
'Cause you're keeping me warm  
And it's a lonely setting sun [Chorus] I wait so long  
Now my head is full of pressure  
I need time to cure my mind  
It's like a loop that lasts forever I've been waiting for far too long  
Let's stick together  
'Cause you're keeping me warm  
And it's a lonely setting sun [Chorus] In the sun we are found to be  
Reflections of a sound  
For nobody  
In the sun we are found to be  
Reflections of a sound  
For nobody
