

Come On Get It

Lenny Kravitz

I know that you are mine
Com'on
Come on get it
And I won't waste your time
Com'on
Come on and get it
I feel like a canine
Com'on
Come on and get it
Can I eat from your vine, girl?
Com'on
Come on and get it
I'm in love with your love
And I'm comin' to get it
You know I can turn you down
I gotta jump in it
You know I can't feel the ground
'Cause I'm high on the spirit
You know I'm drunk for your love
And you know that I need it
Yeah
Come on and get it
Come on and get it
get it
I want to drink your wine
Girl - Come on and get it
Can I go from behind?
love it!
come on and get it
I will please to the nines
come on and get it
til you release your mind
girl come on and get it
I'm in love with your love
And I'm comin' to get it
You know I can turn you down
I gotta jump in it
You know I can't feel the ground
'Cause I'm high on the spirit

You know I'm drunk for your love
And you know that I need it
Yeah yeah yeah
Come on get it (repeats)
