Monday Morning

Prozzak

What do ya do when your best friend goes one day?
Somebody takes their life away
Don't want to wake up Monday morning
And how are you supposed to deal with everything you gotta do
When you can barely believe it's true?
Don't wanna wake up Monday morning
I don't think that I can go to school today without you
Without you, without you, without you
Without you, without you, without you, Monday morning
And missing you is something that I never thought I'd have to do
You were always there, I was there for you too
Don't wanna wake up Monday morning
And of all the evil souls that do survive
How could this world take such a beautiful life?
Don't wanna wake up Monday morning
I don't think that I can go to school today without you
Without you, without you, without you
Without you, without you, without you, Monday morning
Something's coming over me, I'll never be the same
And how can the same world that brought you here
Just come and take you away?
And if there is a way that you can hear me when I pray
When I wake up Monday morning
Mmm, hmm, mmm, hmm
I don't think that I can go to school today without you
Without you, without you, without you
Without you, without you, without you, Monday morning
Without you, without you, without you
Without you, without you, without you, Monday morning
Without you, without you, without you
