Self Portrait With â€œElectric Brain"

Stereolab

From which everything comes
the minimum and the maximum
represent universe in the most
distinguishable way
concentrate, internal side,
which make of a being
a substance and not
a phenomenon,
concentrate
to go from the external
to internal
from the composed to
the simpleperception, appetition
constitute,
action of the very souls
the action, perceptionwhat can be conceived as the
most remote manifestation
of things to be
it is what contains last of
all reasons,
current existence, reality
