

Fury

Prince

You must have heard it on the news this morning
Congratulations, a new star is born
Sun to shadow, rose to a thorn
There ain't no fury like a woman scorned
Y'all must have dug it, when you did ya thing
It's like a song, everybody wanna sang
When the music's over, you're ears will ring
With a voice that's saying, "Queen got no King!"
He got a message saying, you tried to reach him on the phone
He didn't wanna answer 'cause he's so afraid
You'd probably tell him just to leave you alone
You must have heard he got another band
They're makin' \$, they're makin' plans
You feel left out, but you need to understand
Word on the street, he's still you're man
Look out, here comes you're rainy day
Now you think you got a good reason to say
Everything that's in you're heart, come what may,
Even though his might get broken
Who's the guilty one when there ain't no judge or jury?
Shadow to the sun, next to the one
Hell ain't got no fury
Will this song have a happy ending?
Will his heart need a-mending?
What's the name? Only she knows
Only the woman knows, only she knows
To sides to every story
One man's gloom, another man's glory
Sun to a shadow, rose to the thorn
Ain't no fury like a woman scorned
Ain't no fury like a woman scorned
No fury like a woman scorned
