

# I Love Them Ho's (ho-wop)

Eamon

Yeah, girl I thank you for this wonderful night  
Wishing I could see you one more time  
But I don't think you will let me  
So I thank you If you wanna still fool around  
You can come to the next town  
But until then I gotta go  
So I thank you I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them ho's Looking sad, even though we just met  
No need to get upset  
But I got a show, gotta go  
So I thank you And if you wanna still get sexed down  
You can catch the next greyhound  
But until then I gotta go  
So I thank you I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them I can't see anyone but you  
Oh, tell me know that I love them ho's  
Oh, tell me know that I love them ho's  
Oh, tell me know that I love them ho's  
I love them ho's Girl I thank you for this wondreful night  
Wishing I could see you one more time  
But I don't think you will let me  
So I thank you If you wanna still fool around  
You can come to the next town  
But until then I gotta go  
So I thank you I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them ho's, love them ho's, love them ho's  
I love them ho's I can't see anyone but you  
Tell me know that I love them ho's  
Tell me know that I love them ho's  
Tell me know that I love them ho's  
Tell me know that I love them ho's  
Oh tell me know that I love them ho's
