Make It Tonight

Virginia Wolf

Virginia Wolf

Iâ€™ve been watching you
Iâ€™ve seen you heading out sometimes
Yea Iâ€™ve been watching you
Now I canâ€™t get you off my mind
Just one look and you will find
Your lucky number is the same as mine
Iâ€™ve been watching you
Now I canâ€™t get you off my mind
I want to touch you
I want to feel you close to me
I want to touch you
I want to feel you wanting me
Take a chance and you will see
You could feel the same for me
I want to touch you
I want to feel you close to me
Well, gonna love you tonight
Love you tonight, tonight
Well, gonna love you tonight
Love you tonight
Weâ€™re gonna make it tonight
Make it tonight
Um yea
I can almost feel you
Youâ€™re beating on my heart at night
I could almost feel you
I really need to hold you tight
Donâ€™t you know how itâ€™s gonna be
I believe in destiny
I can feel you
Youâ€™re beating in my heart at night
Well gonna love you tonight
Make it tonight, tonight
Well gonna love you tonight
Love you tonight, tonight
Well gonna love you tonight
Love you tonight

Make it tonight
Donâ€™t you know how itâ€™s gonna be
I believe in destiny
Gonna love you tonight
Make it tonight, tonight
Gonna love you all night
Make it our night
Girl, gonna make it tonight
Make it tonight
Girl gonna make it tonight
