

I Just Want to Satisfy You

The O'Jays

I Just Want to Satisfy You

Always trying to do more, just to satisfy you.

When a guy loves a girl; he tries to give her the world, just to satisfy her.
Tries to reach impossible dreams; he will do anything, just to satisfy her.
He will go through rugged pain; through the stress, all the strain, just to satisfy her.

My darlin'™, that's™ how strong my love is; it stays on fire.
I just wanna live just to satisfy (you).
Pleasing you in every way I can; this love I have for you is more than I can stand.
Try to do more, just to satisfy you. [I just want to do more, just to satisfy you]

Like a baby's™ pacifier, I will fill your most desires, just to satisfy you.
All I need is a chance; give you more than romance, just to satisfy you.
I will do anything; I will wreck my poor little brain, just to satisfy you.

My darlin'™, that's™ how strong my love is; it stays on fire.
I just wanna live just to satisfy (you).
Pleasing you in every way I can; this love I have for you is more than I can stand.
Try to do more, just to satisfy you.

I just want to satisfy (4 X's™)

[What more do you want? What more do you need?]

When a guy loves a girl; he tries to give her the world, just to satisfy her.
Tries to reach impossible dreams; he will do anything, just to satisfy her.
I will do anything; I will wreck my poor little brain, just to satisfy you.

My darlin'™, that's™ how strong my love is; it stays on fire.
I just wanna live just to satisfy (you).
Pleasing you in every way I can; this love I have for you is more than I can stand.

Try to do more, just to satisfy you.
Always, try to do more.
I just want to satisfy you.
Try to do more, just to satisfy you.
Always, try to do more.
I just want to satisfy you.
