

# In Noctem

Nicholas Hooper

Carry my soul into the night.  
May the stars guide my way.  
I glory in the sight,  
As darkness takes the day. Ferte in noctem animam meam  
Illustre stellae viam meam.  
Aspectu illo glorior  
Dum capit nox diem. Cantate vitae canticum  
Sine dolore actae  
Dicite eis quos amabam  
Me numquam obliturum Sing a song, a song of life  
Lived without regret  
Tell the ones, the ones I loved  
I never will forget  
Never will forget.
