Slippin' Out

Ingram Hill

Walkin' in my sleep again
Where were you
Off in some distant land
Was I with youSlippin' out again
Slippin' out again
Slippin' out againTake my hand and let it all go down
Till I am sound asleep
Walk away out in the cold
Open your soul to meWalkin' in my sleep again
I am here
Run with me if you can
I feel you near
