Moonlight Kiss

Bap Kennedy

I can feel my heart
And it's fit to burst
I try to clean it up
But I just get worseWish I could fall
On a night like this
Into your lovin' arms
For a moonlight kissI thought I saw your face
In the evenin' sky
On a lonesome cloud
That was driftin' byI wish I could fall
On a night like this
Into your lovin' arms
For a moonlight kissYou got someone else
Maybe it's for the best
Since I took the cure
For happinessAnd I'd trade it all
On a night like this
For your lovin' arms
And a moonlight kissFor your lovin' arms
And a moonlight kissLovin' arms
And a moonlight kiss
Ooh, yeah
